

Local

file A

Master

The diagram illustrates a connection between a 'Master' component and a 'Local' component. A horizontal dashed line spans the width of the image. On the left, a yellow rounded rectangle labeled 'Master' is connected to the line. On the right, a pink rounded rectangle labeled 'Local' is connected to the line. A yellow circle, labeled 'file A' above it, is positioned on the dashed line between the 'Master' and 'Local' components.
